

**cubigel**  
compressors

*During these holidays Seasons  
let us all work together  
for a better world*

During the festive Seasons, Cubigel Compressors is working to support disabled people to integrate them into the work force.

We want our customers to take part of this cause, donating the amount of the traditional Christmas gift to **Fundación Trabajo Empresa y Discapacidad** (*Job Business and Disability Foundation*), linked to the TEB, an non-profit institution that focuses its work on the integration of mentally disabled people into the labour environment and into the society.

We will help to give to those who are most in need of a little gesture of kindness.
